Education

Full Stack Developer, *Henry* ⧉
03/2021 – 06/2021 | Buenos Aires, Argentina
BootCamp with 800hs of programming

Civil Engineer, *UTN* ⧉
03/2009 – 08/2018
Areas of concern: Construction,Structural Calculations,Architectonic Design, Road and Hydraulic

Tech Stack

- **Frontend Development**:HTML, CSS (Less, Sass), JavaScript, TypeScript, Dart, React, React-Native, Flutter, Next.js, Frontity, Styled Components, Bootstrap, Material UI, Ant Design
- **Backend Development**: NodeJS, Express, GraphQL,NestJS,Sequelize, Mongoose, TypeORM, Spring Boot, Java, Python, SQL
- **Databases**: PostgresSQL, MySQL, SQL Server, MongoDB, Firebase
- **Cloud & DevOps**: AWS (EC2, S3, Amplify), Azure (Authentication), Firebase, Docker, Heroku, Fly.io ⧉ , Vercel, Netlify
- **Testing**: Cypress, Jest
- **Web Scraping**: Puppeteer
- **Methodologies**:Agile (Scrum)
- **Version Control & Collaboration**: Git, Jira

Soft Skills

- Time Management and Project Prioritization
- Teamwork and Cross-Functional Collaboration
- Excellent Communication
- Adaptability and Quick Learning
- Problem-Solving and Analytical Thinking
- Creativity and Innovation
- Responsibility

Profile

Full Stack Developer and Civil Engineer. Passionate about algorithms and data structures, problem solving and optimization. I'm always looking for new challenges.
my motto is "learning by doing"

Professional Experience

Software Engineer, *Blue Alba*
09/2022 – present | New York, USA

- **Full Stack Development:** Engaged in the full software development lifecycle for financial applications.
- **Backend Development:** Developed and optimized backend services using TypeScript, GraphQL, NestJS, Node.js, and Express.
- **Data Mocking:** Used mock data for development and testing.
- **Cross-functional Collaboration:** Worked with design, product, and QA teams to enhance features and user experience.
- **Continuous Improvement:** Applied best practices and performance optimizations.
- **Technological Innovation:** Researched and implemented new technologies to improve development processes.

Front end Developer, *VFG*
10/2021 – 09/2022 | Montevideo, Uruguay

- **Mobile Application Development:** Developed and maintained mobile apps with React Native.
- **Real Estate Applications:** Designed features for property listings, search functionalities, and user interactions.
- **User Experience:** Ensured responsive and intuitive interfaces.
- **Feature Integration:** Collaborated with teams to integrate new features and address user feedback.
- **Code Quality and Optimization:** Enhanced application efficiency and reliability.
- **Project Coordination:** Worked with product managers, designers, and developers to meet deadlines.

Web Application Design and Development, *Freelance*
01/2021 – present
Concepcion del Uruguay, Argentina

- **E-commerce Restaurant** (02/2021 – 05/2021) Developed a local food e-commerce app using React, Redux, Hooks, Material-UI, Node.js, Express, Sequelize, PostgreSQL, Firebase.
- **Product Price Manager** (04/2021 – 07/2021) Created an app to manage product prices by scraping CSV files using TypeScript, Node.js, Express, React, Puppeteer, ExcelJS.

Aditional Experience

Customer service

01/2009 – 09/2021

- Provided personalized attention to clients of all ages, enhancing customer satisfaction and loyalty.
- Trained and supervised new employees, contributing to team development and performance.
- Managed inventory, including maintenance, storage, and ordering.

Technical Office LP

06/2018 – 12/2018

Concepcion Del Uruguay, Argentina

Assisted with various technical tasks related to civil engineering projects, including documentation and project support.

Caseros Township Technical Office

01/2015 – 01/2016

Contributed to municipal technical office tasks, supporting local infrastructure projects and administrative functions.

- **E-commerce Party House** (07/2022 – Present) Building an app to manage a party house, including a server for scraping data from various providers.
